NOTICE OF INTENTION TO DIG

Signs By Knight will take as much care as possible in excavation and earthboring required as part of signage installation.

However no responsibility will be taken by Signs by Knight proprietors, employee's, agents or sub contractors for any damage caused to underground services however caused.

It is the responsibility for the customer to make every effort to have these services checked. Alternately they must give Signs By Knight 7 days notice before a job is to be commenced so as we can have all services checked, which will incur a nominal fee. These services include electrical and data cables, water gas and Telecom services.

I.....

OF (company name).....
